Career Objective

Aspiring Data Scientist with foundational knowledge in web development and cloud technologies, pursuing B.Tech in Computer Science. Eager to apply analytical and technical skills to solve real-world problems and contribute to data-driven innovation.

Education

Bachelor of Technology in Computer Science
Quantum University, Roorkee
Expected Graduation: July 2027

Skills

➢ **Technical Skill:**
- Programming Languages: Python, R, C, HTML, CSS, Java, JavaScript, PySpark, Flask, React (Basic).
- Data Analysis: Power BI, Pandas, NumPy, Matplotlib
- Machine learning Techniques (REGRESSION, SVM, XGBOOST, K-MEAN).
- Deep Learning (CNN, RNN, OpenCV, NLP , Tenser Flow, Scikit Learn).
- Statistical tools : SciPy, standard deviation , variance , ANOVA , Null and Alternate Hypothesis Testing.
- Databases: MySQL, MongoDB . SQL querying.
- Web Development: HTML, CSS, JavaScript
- Cloud Technologies: AWS (basic knowledge),DOCKER(Basic).
- Environments : Jupyter Notebook , Google Collab , Anaconda .

➢ **Soft Skills:**
- Leadership Skills
- Team collaboration
- Problem-solving
- Critical thinking
- Adaptability

➢ **Languages:**
- English (Proficient)
- Hindi (Proficient)

INTERNSHIPS AND EXPERIENCE:

➤ **Role: AI Intern**
   Provider: Edunet Foundation (in collaboration with AICTE G Shell)
   Location: Remote
   Duration: February 2025 to March 2025
   Description:
   - AI Intern role focusing on sustainability challenges
   - Participated in the Shell-Edunet Skills4Future Internship Program
   - Worked on an AI project addressing sustainability challenges with mentorship
   - Gained experience in data modeling, DAX, and dashboard creation
   - Delivered a project presentation to industry experts
   - Earned certification from AICTE, Shell, and Edunet Foundation.

➤ **Role: AI & Cloud Intern**
   Provider: Edunet Foundation (in collaboration with IBM)
   Location: Remote
   Duration: June 2024 to July 2024
   Description:
   - AI & Cloud Intern role focusing on AI and Cloud technologies
   - Completed a 4-week internship on AI and Cloud technologies via IBM Skills Build.
   - Explored cloud computing, AI, chatbot development, and data analytics.
   - Participated in team-based projects and mentor-led sessions.
   - Submitted a final AI/ML cloud project and earned certification.
   - Received credentials from IBM Skills Build and Edunet Foundation
